

Scott Insurance Jumps 10 spots on Top 100 Brokers Listing

Scott Insurance has again been named by Business Insurance magazine as one of the Top 100 insurance brokers in the United States. The 2019 listing recently released by the leading insurance industry publication showcases Scott as one of only three brokers in the nation to move up 10 or more positions from the prior year.

"We are proud of our continued growth – both in our financial results and also in our capacity to serve the needs of middle-market companies in impactful and innovative ways," said Hutch Mauck, President of Scott Insurance. "The steadfast dedication and expertise of our employee owners drives our success and creates significant value for Scott, our clients and the communities in which we operate."

Scott is ranked 53rd on the list based on a reported 13.3% increase in 2018 U.S. brokerage revenue.
